

# LOCKSMITHS BUY DIRECT FROM US AND SAVE!!!

Get PACLOCK quality product at a better price, with less hassle, and **free shipping ON ANY** order that includes a case quantity of the new PL1s!

"LF" & "LJ" shackles available

Dual-locking **BALL BEARINGS** means 63% stronger than lever locking, cannot be shimmed, and is *FAR* easier to operate

Built with a **solid actuator** means this lock **cannot be bypassed**

**Pick your keyway!**  
PACLOCK unrestricted,  
restricted, or Master Lock® M1

PACLOCK's "**PL1**" is the first 44mm wide laminated padlock specifically built to challenge Master Lock's® dominance of the high end laminated market. These padlocks can be keyed into any Master Lock® **key number from the 1, 3, or 5 series** of products. Our PL1 can be **Master and even Grand-Master Keyed**. Lead times on custom key numbers are a matter of days since these locks are pinned, keyed, and have **final assembly done in Los Angeles**.

\* When ordering, please mention the code "TILJ"
